Immerse Yourself in 9th-Century Baghdad

As you step into the bustling streets of ninth-century Baghdad, the vibrant sounds and aromas of this ancient city envelop you. The air is thick with the scent of spices, coffee, and incense, while the calls of merchants and traders fill your ears. Amidst the chaos, you notice a figure – Basim Ibn Ishaq, a street thief with an uncanny ability to blend in and rise to become a Master Assassin. His journey takes him through the city's Golden Age, where precision, strategy, and stealth are essential tools for survival.

- The game's narrative is deeply rooted in the classic gameplay of the original Prince of Persia franchise.
- Tactical tool use and careful social stealth are crucial components of this experience.
- Experience a richly realized historical setting,

reimagined for the modern era.

Gameplay Highlights

1. Precise parkour mechanics allow for fluid navigation of the city’s dense streets.2. Mastering various tools and gadgets is essential for success in your pursuit of high-value targets.3. Engage with the local population, using social stealth to gather information or distract enemies.

Deluxe Edition Bonuses

The Deluxe Edition of this game includes a range of premium goodies, including:

- A Prince of Persia-inspired cosmetic pack, featuring unique and stylish outfits for Basim.
- Exclusive mount and eagle skins, adding an extra layer of depth to the game’s already engaging parkour mechanics.

Feature	Description
Downloadable Digital Artbook	An exclusive collection of concept art, character designs, and behind-the-scenes sketches.
